Dear Hirohashi -san,

This is in response to your letter of March 6, 2006. I represent Univation Technologies in the above referenced case. Please continue to copy Univation on all correspondence and send debit notes directly to Univation.

Reason 1

I have amended the claims and believe that the amendments will address Reason 1 by limiting the ligand to indene or pentamethylcyclopentadiene and limiting the metal to zirconium.

Reason 2

In your comments you state that subsection (1) may be a result of translation issues, so please amend the claim as indicated in your letter.

With respect to subsection (2), I believe that the claim amendments make this section moot. Should this not be the case, please advise.
